More than 9000 schools are part of our Cambridge learning community. We support teachers in over 160 countries who offer their learners an international education based on our curricula and leading to our qualifications. Every year, thousands of learners use Cambridge qualifications to gain places at universities around the world.

Our syllabuses are reviewed and updated regularly so that they reflect the latest thinking of international experts and practitioners and take account of the different national contexts in which they are taught.

Cambridge programmes and qualifications are designed to support learners in becoming:

- **confident** in working with information and ideas – their own and those of others
- **responsible** for themselves, responsive to and respectful of others
- **reflective** as learners, developing their ability to learn
- **innovative** and equipped for new and future challenges

1.2 Why choose Cambridge IGCSE?

Cambridge IGCSEs are international in outlook, but retain a local relevance. The syllabuses provide opportunities for contextualised learning and the content has been created to suit a wide variety of schools, avoid cultural bias and develop essential lifelong skills, including creative thinking and problem-solving.

Our aim is to balance knowledge, understanding and skills in our programmes and qualifications to enable candidates to become effective learners and to provide a solid foundation for their continuing educational journey.

Through our professional development courses and our support materials for Cambridge IGCSEs, we provide the tools to enable teachers to prepare learners to the best of their ability and work with us in the pursuit of excellence in education.

Cambridge IGCSEs are considered to be an excellent preparation for Cambridge International AS and A Levels, the Cambridge AICE (Advanced International Certificate of Education) Group Award, Cambridge Pre-U, and other education programmes, such as the US Advanced Placement program and the International Baccalaureate Diploma programme. Learn more about Cambridge IGCSEs at **www.cie.org.uk/cambridgesecundary2**

Guided learning hours

Cambridge IGCSE syllabuses are designed on the assumption that learners have about 130 guided learning hours per subject over the duration of the course, but this is for guidance only. The number of hours required to gain the qualification may vary according to local curricular practice and the learners' prior experience of the subject.

1.3 Why choose Cambridge IGCSE Latin?

Cambridge IGCSE is accepted by universities and employers worldwide as proof of knowledge and understanding of Latin language and literature.

This Latin syllabus aims to develop students' ability to understand Latin vocabulary, morphology and syntax, and to read, understand and appreciate some of the best of Latin literature.

Students will develop an analytical approach to learning language, and be better equipped to compare the structure of Latin with those of other languages, as well as be able to recognise the impact of Latin on modern English. The course also encourages students to develop an appreciation of literature, both in terms of content and style, and of social and historical context.

Successful students gain valuable skills, including:

- the ability to translate and understand Latin, and to relate the linguistic structures and vocabulary of Latin to other languages, including English
- an appreciation of some of the literature which forms much of the foundation of the Western tradition
- an interest in, and enthusiasm for, learning about the past
- the ability to present clear, logical arguments which are well-supported by evidence.

Prior learning

Candidates beginning this course are not expected to have studied Latin previously.

Progression

Cambridge IGCSE Certificates are general qualifications that enable candidates to progress either directly to employment, or to proceed to further qualifications.

1.4 Cambridge ICE (International Certificate of Education)

Cambridge ICE is a group award for Cambridge IGCSE. It gives schools the opportunity to benefit from offering a broad and balanced curriculum by recognising the achievements of learners who pass examinations in at least seven subjects. To qualify for the Cambridge ICE award learners are required to have studied subjects from five groups: two languages from Group 1, and one subject from each of the remaining four groups. The seventh subject can be taken from any of the five subject groups.

Latin (0480) is in Group 2, Humanities.

Learn more about Cambridge ICE at www.cie.org.uk/cambridgesecundary2

The Cambridge ICE is awarded from examinations administered in the June and November series each year.

4. Syllabus aims and assessment objectives

4.1 Syllabus aims

The aims of the Cambridge IGCSE Latin syllabus are to enable candidates to develop:

- an understanding of the Latin language
- the ability to read, understand, appreciate and respond to some Latin literature
- an understanding of some of the elements of Roman civilisation
- an analytical approach to language by seeing English in relation to a language of very different structure and by observing the influence of Latin on English
- an awareness of the motives and attitudes of people of a different time and culture, while considering the legacy of Rome to the modern world
- a greater understanding of a range of aesthetic, ethical, linguistic, political, religious and social issues
- an excellent foundation for advanced study

4.2 Assessment objectives

There are three separate assessment objectives.

AO1 Linguistic knowledge with understanding

To pass Cambridge IGCSE Latin, candidates should be able to:

- express, according to context, the meaning of linguistic elements (vocabulary, morphology and syntax)
- express, according to context, the meaning of Latin sentences written in Latin word order
- translate a passage of Latin into English
- understand the details and general meaning of a passage of Latin
- give English words which derive from given Latin words

AO2 Literary knowledge with understanding

To pass Cambridge IGCSE Latin, candidates should be able to:

- describe character, action and context
- select details from the text
- explain meanings and references
- translate a portion of the text
- explain matters relating to the social and historical context
- scan two lines of hexameter verse

AO3 Literary criticism with personal response

To pass Cambridge IGCSE Latin, candidates should be able to:

- analyse and evaluate style, tone and metre (where appropriate)
- select evidence to make judgements on the social and historical context
- make a reasoned personal response to the literature

4.3 Scheme of assessment

Paper 1 Language

65 marks, 1 hour 30 mins

Candidates must answer both Section A and Section B.

In Section A, candidates translate into English a passage of Latin prose which varies in complexity. The translation passage will be approximately 140 words in length.

In Section B, candidates answer comprehension questions on a passage of Latin prose. One question tests understanding of the derivation of English words from Latin words contained in the passage.

Paper 2 Literature

80 marks, 1 hour 30 mins

Candidates must answer all the questions.

This paper contains two passages from each of the prescribed texts with questions on each passage. Through answering the questions, candidates are expected to show understanding of the literature, with reference to its subject matter, presentation, genre, metre and background. In addition, the questions test candidates' ability to translate the text. On each text there is one 10-mark question, which asks candidates to express opinions on matters relating to the social and historical context of the literature and/or the literature itself. Candidates are expected to support their opinions with evidence from the texts.

4.4 Relationship between assessment objectives and components

Assessment Objective	Paper 1	Paper 2	Total for qualification
A01 Linguistic knowledge with understanding	100%	–	50%
A02 Literary knowledge with understanding	–	50–60%	25–30%
A03 Literary criticism with personal response	–	40–50%	20–25%

4.5 Grade descriptions

The aim of these grade descriptions is to give a general indication of the standards of achievement that candidates who receive Grades A, C and F are likely to have shown or achieved.

Candidates may perform much better in some parts of the examination than others, and their final grade depends in practice on the extent to which the candidate has met the assessment objectives overall.

Grade A

To achieve a Grade A, candidates will be able to:

- demonstrate a good grasp of Latin vocabulary, morphology and syntax
- understand unseen passages of Latin and translate them into English accurately and clearly
- demonstrate a thorough knowledge of the prescribed texts and give an appreciative response to their literary qualities

Grade C

To achieve a Grade C, candidates will be able to:

- demonstrate an adequate grasp of the language
- make sense of unseen passages of Latin and show a reasonable knowledge of the prescribed texts
- make literary and background comments which usually have some relevance, although they may not remember material perfectly
- revive their knowledge of the language at a later date, with suitable assistance

Grade F

To achieve a Grade F, candidates will be able to:

- demonstrate some grasp of the basics of the language
- translate sections of simple unseen passages of Latin, or understand them in a way intelligibly related to the original
- show basic recall and understanding of prescribed texts and background questions

Equality and inclusion

Cambridge International Examinations has taken great care in the preparation of this syllabus and assessment materials to avoid bias of any kind. To comply with the UK Equality Act (2010), Cambridge has designed this qualification with the aim of avoiding direct and indirect discrimination.

The standard assessment arrangements may present unnecessary barriers for candidates with disabilities or learning difficulties. Arrangements can be put in place for these candidates to enable them to access the assessments and receive recognition of their attainment. Access arrangements will not be agreed if they give candidates an unfair advantage over others or if they compromise the standards being assessed.

Candidates who are unable to access the assessment of any component may be eligible to receive an award based on the parts of the assessment they have taken.

Information on access arrangements is found in the *Cambridge Handbook* which can be downloaded from the website www.cie.org.uk/examsofficer

Language

This syllabus and the associated assessment materials are available in English only.

Grading and reporting

Cambridge IGCSE results are shown by one of the grades A*, A, B, C, D, E, F or G indicating the standard achieved, A* being the highest and G the lowest. 'Ungraded' indicates that the candidate's performance fell short of the standard required for grade G. 'Ungraded' will be reported on the statement of results but not on the certificate. The letters Q (result pending), X (no results) and Y (to be issued) may also appear on the statement of results but not on the certificate.

Entry codes

To maintain the security of our examinations, we produce question papers for different areas of the world, known as 'administrative zones'. Where the component entry code has two digits, the first digit is the component number given in the syllabus. The second digit is the location code, specific to an administrative zone. Information about entry codes can be found in the *Cambridge Guide to Making Entries*.
