

Syllabus update

Cambridge IGCSE® Music (0410) (for examination in June and November 2016)

We have updated this syllabus. The latest syllabus is version 2, updated in September 2015.

We are discontinuing the teacher accreditation process to encourage all teachers involved in the marking of Cambridge IGCSE coursework to engage with the training materials and opportunities provided by Cambridge. Guidance on the delivery and assessment of Cambridge will be available on our Teacher Support site from January 2016.

From 2016 teachers will no longer need to be accredited to mark Cambridge IGCSE coursework.

The last exam series requiring teacher accreditation for the marking of Cambridge IGCSE coursework will be November 2015.

We understand that some teachers may already have applied for accreditation for the June 2016 series. If this is the case, you can still complete the accreditation process, as long as you submit your application by 15 October 2015.
