# 1. Introduction

## 1.2 Why choose Cambridge IGCSE First Language Thai?

The Cambridge IGCSE First Language Thai syllabus is designed for candidates whose mother tongue is Thai. Cambridge IGCSE First Language qualifications are accepted by universities and employers as proof of knowledge and understanding of a language. Successful candidates gain lifelong skills including:

- the ability to communicate clearly, accurately and effectively in writing;
- the ability to use a wide range of vocabulary, and correct grammar, spelling and punctuation;
- a personal style and an awareness of the audience being addressed.

Students are also encouraged to read widely, both for their own enjoyment and to further their awareness of the ways in which the language can be used. Cambridge IGCSE First Language qualifications also develop more general analysis and communication skills such as synthesis, inference, and the ability to order facts and present opinions effectively.

## 1.3 Cambridge International Certificate of Education (ICE)

Cambridge ICE is the group award of the International General Certificate of Secondary Education (IGCSE). It requires the study of subjects drawn from the five different IGCSE subject groups. It gives schools the opportunity to benefit from offering a broad and balanced curriculum by recognising the achievements of students who pass examinations in at least seven subjects, including two languages, and one subject from each of the other subject groups.

The Cambridge portfolio of IGCSE qualifications provides a solid foundation for higher level courses such as GCE A and AS Levels and the International Baccalaureate Diploma as well as excellent preparation for employment.

A wide range of IGCSE subjects is available and these are grouped into five curriculum areas. First Language Thai (0518) falls into Group I, Languages.

Learn more about ICE at [www.cie.org.uk/qualifications/academic/middlesec/ice](http://www.cie.org.uk/qualifications/academic/middlesec/ice).

- enable students to understand and respond appropriately to what they read;
- encourage students to enjoy and appreciate the variety of language;

# 6. Grade descriptions

Grade descriptions are provided to give a general indication of the standards of achievement likely to have been shown by candidates awarded particular grades. The grade awarded will depend in practice upon the extent to which the candidate has met the assessment objectives overall, and may conceal weakness in one aspect of the examination that is balanced by above-average performance in some other.

A **Grade A** candidate has demonstrated expertise in:

- understanding and communicating information at both a straightforward and a complex level;
- understanding facts, ideas and opinions, and ordering and presenting them with clarity and accuracy;
- evaluating material from texts and selecting and presenting in detail what is relevant for specific purposes;
- describing and reflecting upon experience and detailing and analysing effectively what is felt and what is imagined;
- recognising implicit meanings and attitudes of a writer;
- showing a clear sense of audience and an understanding of appropriate uses of language;
- writing in well constructed paragraphs, using a full range of appropriate sentence structure and showing accuracy in spelling and punctuation.

A **Grade C** candidate has demonstrated competence in:

- understanding and conveying information both at a straightforward level and at a more complex level;
- understanding basic facts, ideas and opinions and presenting them with a degree of clarity and accuracy;
- evaluating material from texts and selecting what is relevant for specific purposes;
- describing and reflecting upon experience and expressing effectively what is felt and what is imagined;
- recognising the more obvious implicit meanings and attitudes of a writer;
- showing a sense of audience and an awareness of appropriate use of language;
- writing in paragraphs, using sentences of varied kinds and exercising care over spelling and punctuation.

A **Grade F** candidate has demonstrated competence in:

- understanding and conveying information at a straightforward level;
- understanding basic facts, ideas and opinions, and presenting them with a degree of coherence;
- selecting material from texts and commenting upon it at a literal level;
- describing experience in concrete terms and expressing intelligibly what is felt and what is imagined;
- recognising clear meanings and explicit attitudes of a writer;
- showing awareness that language is used in different ways in different circumstances;
- writing at least in simple sentences – weaknesses in spelling and punctuation and the construction of complex sentences will be apparent, but will not seriously impair communication.

# 7. Additional information

## 7.1 Guided learning hours

IGCSE syllabuses are designed on the assumption that candidates have about 130 guided learning hours per subject over the duration of the course. ('Guided learning hours' include direct teaching and any other supervised or directed study time. They do not include private study by the candidate.)

However, this figure is for guidance only, and the number of hours required may vary according to local curricular practice and the candidates' prior experience of the subject.

## 7.2 Recommended prior learning

We recommend that candidates who are beginning this course should have a level in Thai equivalent to first language competence.

## 7.3 Progression

IGCSE Certificates are general qualifications that enable candidates to progress either directly to employment, or to proceed to further qualifications.

Candidates who are awarded grades C to A\* in IGCSE Thai are well prepared to follow courses leading to AS and A Level Thai, or the equivalent.

## 7.4 Component codes

Because of local variations, in some cases component codes will be different in instructions about making entries for examinations and timetables from those printed in this syllabus, but the component names will be unchanged to make identification straightforward.

## 7.5 Grading and reporting

IGCSE results are shown by one of the grades A\*, A, B, C, D, E, F or G indicating the standard achieved, Grade A\* being the highest and Grade G the lowest. 'Ungraded' indicates that the candidate's performance fell short of the standard required for Grade G. 'Ungraded' will be reported on the statement of results but not on the certificate. For some language syllabuses CIE also reports separate oral endorsement grades on a scale of 1 to 5 (1 being the highest).

# 7. Additional information

Percentage uniform marks are also provided on each candidate's Statement of Results to supplement their grade for a syllabus. They are determined in this way:

- A candidate who obtains...
  - ... the minimum mark necessary for a Grade A\* obtains a percentage uniform mark of 90%.
  - ... the minimum mark necessary for a Grade A obtains a percentage uniform mark of 80%.
  - ... the minimum mark necessary for a Grade B obtains a percentage uniform mark of 70%.
  - ... the minimum mark necessary for a Grade C obtains a percentage uniform mark of 60%.
  - ... the minimum mark necessary for a Grade D obtains a percentage uniform mark of 50%.
  - ... the minimum mark necessary for a Grade E obtains a percentage uniform mark of 40%.
  - ... the minimum mark necessary for a Grade F obtains a percentage uniform mark of 30%.
  - ... the minimum mark necessary for a Grade G obtains a percentage uniform mark of 20%.
  - ... no marks receives a percentage uniform mark of 0%.

Candidates whose mark is none of the above receive a percentage mark in between those stated according to the position of their mark in relation to the grade 'thresholds' (i.e. the minimum mark for obtaining a grade). For example, a candidate whose mark is halfway between the minimum for a Grade C and the minimum for a Grade D (and whose grade is therefore D) receives a percentage uniform mark of 55%.

The uniform percentage mark is stated at syllabus level only. It is not the same as the 'raw' mark obtained by the candidate, since it depends on the position of the grade thresholds (which may vary from one session to another and from one subject to another) and it has been turned into a percentage.
